LETTER OF INVITATION

On Friday, October 3, 2008, we are fortunate to have a business delegation from the Philippines in Ottawa. Most of the delegation are professional companies dealing with the recruitment and deployment of Philippine overseas workers and professionals. Attached is their profile.

To coincide with the visit of this business delegation, the Canada Philippines Business Council, the Embassy of the Philippines, and Ottawa Centre for Research and Innovation will hold a free business seminar in Ottawa to introduce the business delegation to Canadian businesses and to give information on the recruitment of Philippine workers to Canada.

We invite you and your organization to meet with the business delegation and to learn about recruitment of Philippine workers.

We hope that your schedule will permit your attendance and we look forward to your registration for this free event. The registration form is attached for your completion.

Yours very truly,

ALICIA NATIVIDAD
President
